ZZ9 Plural Z Alpha is the **Official Hitch Hiker's Guide to the Galaxy Appreciation Society.** It was founded in 1980 and has members across the world. We organise meetings around the UK (and occasionally in other countries). Annual subscription entitles you to one year's membership and four copies of our magazine.

Owning a towel is not obligatory, but it is the most massively useful thing an interstellar hitchhiker can have. If you are interested in the works of Douglas Adams there is a magazine '**Mostly Harmless**' (aka M.H.) with news, reviews, artwork, fiction, competitions and more. Also a range of Guide related merchandise is available only to members, which includes unbelievably cute and cuddly two-headed three-armed Beeblebears.

The quickest way to join is via our website - http://www.zz9.org/membership, which will allow you to pay with Paypal and without needing a stamp!

If that's not a good option for you, please complete the part below CLEARLY and send TO THE ABOVE address with your membership fee
